

LIFEGROUP

STUDY

WARMING UP

1. Other than within the church setting, can you share examples of people doing a good job, working with a good "team" spirit?
2. Please share with the group a time you really enjoyed being part of a team (either in a church or outside of church context.) Why was it so great?

READ HEBREWS 10:19-25

3. What do verses 19-21 mean? Please simplify and summarise as if explaining to a non-believer these verses, without using Christian terms.
4. Exhortations mean urges or recommendations/advises from the bible. In the next section there are three exhortations. What are they? Why do you think the author felt it was important to urge us with these things?
5. Of the three exhortations, which do you need to work on the most and why?

This study is a follow up from the Sermon from 20180107 "Our Source of Faith"

6. How do we practically stir up each other towards good deeds? How do we encourage each other?

THINKING ABOUT 2018

7. Who will see your faith this year?
8. What will your faith show this year? Please share your faith challenges. Which areas do you think God needs to transform? What is God going to do this year?

MOVING FORWARD

9. Using some paper, spend some time writing to the person on your left and right in the group; write some encouragement, things you're thankful for the person, and write something that can help stir them up to continue doing good works for the Lord.
